NP-1653+
Touch POS Terminal

Accessible SSD, for fast servicing and troubleshooting

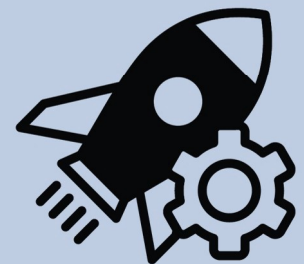

Optional Customer Facing Display

Nearly 50% Faster CPU Compared to Previous Generation

Efficiency drives every business, and the right POS system makes all the difference. That's why we built the Nexa NP-1653+, to deliver reliability, flexibility, and performance, ensuring seamless operations in any retail, hospitality, or service environment.

Keeping your system running should be hassle-free. The NP-1653+ makes maintenance simple with a removable SSD, allowing quick replacements or upgrades without disruption.

Optimizing space and ergonomics is essential, which is why the NP-1653+ supports VESA mounting. Remove it from the included stand and mount it on a pole or wall to suit your setup.

Designed with versatility in mind, the NP-1653+ is a practical choice for businesses seeking a dependable POS terminal to keep operations running smoothly.
